

TAMAN MIDAH

SmallGroup

This Taman Midah Small Group was formed especially to cater for the Worship Team members sometime in 2003. It was initially held in Taman Dwi Tasek and was later moved to Taman Midah, which is currently in my home. I was a reluctant SG leader and initially wasn't sure what to do with it. Somehow, with prayer and commitment to God, this Small Group has been going on for 3 years. Step by step, I can see the hand of God leading and guiding us along the way. We have 12 members and the weekly turn up is usually between 7 or 10 weekly. At times we have full attendance. During festive seasons, we do a combine SG with Sg Long SG which is led by Michael Leong. Currently we are studying on "See Through The Scripture (STS)" which is being led by Bro Anand. The Small Group setting allows it to be taught in detailed and it is becoming more interesting as the week goes. Our fellowship is as good as individual sharing and here are some feed back from the current Small Group members.
