

Strong in the Word and Magnification 2006

We are here to share the same message – is all about worship!
As the theme for our church in year 2006 is “**Strong in the Word and Magnification**” I would like to highlight that our foundation is based on the Word of God and prayer to enhance our Worship unto the Lord. (Jude 20)

The purpose of our church theme is to help our members experience significant encounter with God through dynamic, powerful, lively and energetic **Spirit-filled Pentecostal Praise and Worship**.

Worship is not a means but the end result towards reaching God. We will continue worship God eternity! “The reason I live is to worship you” and “I was made to worship you”.

As according to the 5 purposes, Worship is the core of the Christian – Worship Lifestyle. So worship is not only limited on assembly worship in the church but a consistent relationship with God and we are call to “Live to shine” and “I was made to glorify your name”

Yes! A true worshipper (Matt 22:37, Jn 4:23), will experience life transformation; we will not be the same again! We are focusing for the Kingdom of God and serving Him wholeheartedly. (Mat 6:33)

In year 2006 we highlight Spirit-filled Pentecost Worship is based on the book of Acts. We want to build a **Spirit-filled strong church!**

1. Understanding and Practicing the Style of Pentecostal Worship (Act 4:23,31 / Eph 5:17~19) – Yes we need to be filled / baptism in the power of the Holy Spirit.
2. Experiencing God through Worship Lifestyle (Luke 2:14, Act 1:7~8) – Yes, we wants to build **strong worshippers**, running crazy after God!
3. Discovering Gifting for the use of God (1st Cor 12:4~7) – We are serving the same Spirit, same Lord, same God for the common good of the church. Yes we want to build **strong Christians and strong ministry teams**.

Look at this year. The entire church is moving strongly in various activities and ministries from the beginning of the year till now. God’s presences are strongly with use. We can sense and experience the spiritual ram and momentum of God that is so tangible and strong. In deed the church is experienced and breakthrough into another level of revival experience. And this will be continued towards year 2007!

We would like to take this opportunity to thank for the 3 congregations Praise & Worship teams that lighten up this year church theme. Thank you for making the effort in leading the congregation into worshipping the Lord.

Special thanks to Leaders – well done!
