

FRIENDS & FAMILY DAY – A day to let our hair down

Date: April 11, 2006 Venue: FRIM Kepong

The day started gloomily. It has been raining for the past couple of days and the day certainly didn't promise any sun. But we prayed hard, persistently asking our Father in heaven to withhold the rain - at least until after the Friends & Family Day, Oh Lord! We haven't had an outing for so many years and when we now have one, pleeeeeease don't let it rain and spoil it all.

Praise God! After a little drizzle here and a little drizzle there in the early part of the morning, it didn't rain when we started and the sun actually did come out – as if our Father God is watching us having fun down here!

And how much fun we had on that day! The First Men Club (FMC) guys were fantastic! Not only have they helped to organize the games for all of us and made sure all of us were involved, they also cooked so much food that we could not finish all of the food prepared for the day. The ladies also helped to organize the layout (no rushing for the food!!) and buying other types of food, water (for all thirsty souls after a hard day's of playing.....), plastic cups and plates, forks and spoons, etc.

The children and the adults were all participating in the fun games and it was truly an enjoyable day out with our friends and family. Many brought their family members, their friends and there were those whom we only got to know at FRIM – despite being in church for many months (or even years!!). Truly that was an enjoyable day, a day of fun and fellowship, a day of sharing and teamwork, truly a day when God smiles as His children play.
